Subject: Appreciation letter to MADA

Dear MADA team,

I just wanted to appreciate all you did, not only for Pesach and all happy and spiritual events, but as per daily life for me. It is really touching to have a family from your own ancestors in a foreign country. Your support has always made me feel at home, to feel secure with feeling of having someone...caring for you.

In return from deepest part of my heart I wish everyone working in MADA, always stay in security, warm family environment AS for all their descendants as long as the sun rises and sets...

Sincerely,
Deniz
